HARMONY HOUSE

Gurgaon

HARMONY HOUSE is an Indian registered, non-profit organisation in Gurgaon, just outside of Delhi, India. Using a rented villa as a full time community centre for women and children, they offer education, food, medication, hygiene facilities and social services to women and children living in the near by slums. They rely 100% on kind donations and contributions to run Harmony House. Every donation, no matter how big or small is spent on improving the lives of those who are most in need.

They are dedicated to improving the lives of our children on a physical, emotional and intellectual level and aim to give enriching and memorable experiences to each and every child.
